Heavy Duty Bench Vises With Swivel

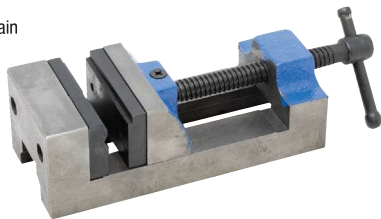

Manufactured from high quality grey iron castings - a very strong material with excellent shock absorbing capacity and immense strength under compression. These rigid and robust vises, machined to close tolerances, are designed for smooth operation and reliability.

Jaw Width (in.)	Max. Jaw Opening (mm)	Throat Depth (mm)	Code No.	List Price	SALE \$
4	127	55	231400	232.20	174.15
5	152	70	231405	336.81	252.61
6	178	80	231410	449.09	336.82

Drill Press Vise

- High tensile iron casting
- Jaw plates – one grooved and one plain
- Accurate machining and assembling
- Four sides and one end machined

Jaw Width (in.)	Jaw Depth (in.)	Opening (in.)	Length (in.)	Weight (lb)	Code No.	List Price	SALE \$
2-1/2	1-1/2	2-9/16	7-1/4	5-1/2	370226	69.86	52.40

Drill Press Visers

- High tensile iron casting
- Cold rolled screw thread
- Plain jaws of special steel

Jaw Width (in.)	Opening (in.)	Jaw Depth (in.)	Weight (lb)	Code No.	List Price	SALE \$

VISE
Extravaganza!

Milling Vises

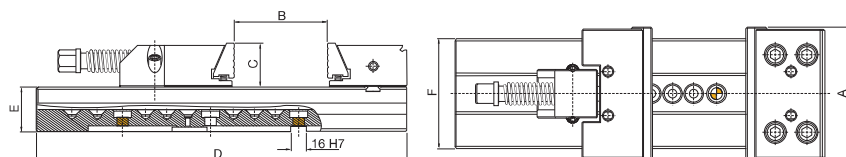

- During machining operations, horizontal vises provide secure and accurate positioning of the workpiece
- An operator controls the opening and closing of the jaws on the workpiece for manual vises

Plain Base Modular Vises

- Modular, low profile vises with **no length limitations and unlimited clamping ranges** due to the **matched bed heights** which allow for multiple vises to be used in parallel and in a wide variety of set-up combinations.
- Maintains accuracy** under the most severe operating conditions.
- The jaw plates are spring-loaded and tapered so all clamping forces are directed downward to **prevent jaw lift**.
- High quality alloy steel with **mechanical and hydraulic blocking devices** deliver a high clamping pressure.
- All sliding and locating surfaces have been ground** to maintain accuracy under the most severe operating conditions.

5 YEAR WARRANTY
