RELIABILITY IN SAFETY®

## December Savings

*Effective through December 31<sup>st</sup>, 2025*

# HAND PROTECTION

## Armor Skin™ - Tougher Than Leather

ARMOR SKIN™ is more wear and abrasion resistant than leather and pound-for-pound the toughest synthetic glove material available. Developed to keep your hands comfortable & safe, ARMOR SKIN™ provides the perfect combination of abrasion resistance with fit & feel.

## Thinsulate® - Advanced Thermal Insulation

Thinsulate® is a synthetic insulation material made from small, hollow fibers, providing effective insulation. By trapping air between your hand and the outside cold, this reflects back the body's radiant heat - keeping warmth inside the glove. Thinsulate® is breathable, moisture-resistant, and washable.

WATERPROOF INSULATED COLD PROTECTION

### Winter Lined Armor Skin™ Mechanics Glove

2145BKH XS-X2

- Armor Skin™ synthetic leather palm with reinforced padding
- 100 gram Heatlok™ lined
