

FEIN SUMMER METALWORKING

Promo Valid: July 1 - September 30, 2026

LIGHT BUT POWERFUL

Best weight/performance ratio at 4.8lbs. and 1,050W output power. Significantly higher efficiency than an angle grinder with 1,700W rated input.

EXTREME DURABILITY

Sealed electronic components protect the unit from damaging grinding dust. Overload protection is built in to lead to fewer breakdowns and longer tool life.

READY FOR ANY APPLICATION:

The infinitely variable electronic speed - ideal for a wide range of abrasives and applications.

NEW! ADVANCED MOTOR TECHNOLOGY

Completely enclosed brushless FEIN PowerDrive motor with optimized air flow boosts efficiency and power delivery for all applications.

WORK SAFELY:

All CG-15 grinders feature soft start, kickback and jam monitoring with a **rapid (<2 sec) motor brake** actuation. Paddle switch models also feature a lanyard eyelet for fall protection.

CG 15 SLIDE SWITCH SERIES

MADE IN GERMANY

CG 15-125 BL 5" slide switch grinder
